

## FROM THE OFFICE

We are proud to unveil our new logo and rebranding! This new era of Sparetime is rooted in our past and growing towards our future. Over the course of the next couple months you will see changes in our website, forms, emails, etc. We added the word distribution to make it clear we are here to serve retailers not only in NorCal, but all over the Western US. We are bringing small-town customer service to wholesale garden supply!

Kevin Gravier has accepted a new position and is no longer representing us. We thank him for his service and hope him nothing but the best in his new endeavors. We aren't leaving you hanging, Matt Anderson, who's been with us for 10 years, will be taking over Kevin's territory. He is well versed in products and is eager to hit the road! He will be making rounds to introduce himself in the next couple weeks. In the mean time, feel free to contact him at 707-367-8197 or matt@sparetimesupply.com.

## WHAT DOES M&M FEED DO IN THEIR SPARE TIME?

At M&M Feed our interests vary as much as our appearance; from far left fashion to far right tinkering. And everything in between. We like to go fishing and camping and hunting, play softball, cook and garden, ride horses, do woodwork, play video games, sail boats, get blue ribbons in the fair, attend our kids' sporting events, play with kids and grand kids and so much more.

M&M Feed began operations the same year as Sparetime Supply, 1983. It has been a lot of work, but now, due to a most excellent bunch of co-workers, I, Marylou, personally don't have to work all the time. It takes some practice not to stay busy. In my spare time I like to volunteer in the community, practice yoga, tennis and my ukulele, work in the garden, make up art, travel the world, go hiking, and if I sit still ten minutes a day contemplating my navel I usually come up with something else.

Maxwell, our CFO, likes to work out, ride motorcycles, work on his race car and drive it really fast (on the track only, well equipped with safety gear, of course).
