WHAT DOES CODY FROM SPARETIME SUPPLY DO IN HIS SPARE TIME?

Hello! My name is Cody and I have been working for the last 2 years as the Lead Tech for Sparetime Supply. During my spare time, while not working or spending time with family, I can usually be found next to a computer in some form or another. Be it helping friends/family repair their junker computer, advising and/or building them new powerful gaming rigs or just starring at my screen hours on end. I also love to do woodworking, reading, watching shows (GoT, Vikings, The 100, Anime), playing tennis, gaming (video, tabletop, card), painting, hanging out with the pet chickens and occasionally doing some gardening. The shed and chicken coop in the pictures are a couple of the woodworking projects I have done. Our chicken's

names are Apple, Gwen, Snivels, Cherry and Pechu. My family and I also love driving to distant towns and eating the local cuisine and checking out game/hobby stores. Our last trip this summer was to Redding and climbing up Mt Shasta. For those heading up that way, I recommend visiting the Shasta Caverns. That place was amazing! Black Bear Diner always has decent food and the original restaurant opened at Shasta! Looks like my times up, TTYL and HF out there!
